ARTICLES AND ABSTRACTS BY SUBJECT

(In each reference the first number indicates the issue in which the article or abstract appeared; the page numbers follow.)

ABSENTEEISM
Employee absenteeism: new insights. 7:45–46

AGED POPULATION (See Population, Rural Population)

AGING (See also Learning, Psychology of)
Adult age differences in the organization of free recall. 5:66–67
Age as a factor in achieving conformity. 5:28–34
(The) age intelligence relationship—longitudinal studies can mislead. 6:1–16
(The) age variable in psychological research. 9:31–32
Aging and self-attitude: a conditional relationship. 10:60–61
Aging and society: vol. 1, An inventory of research findings. 3:37
Aging and society: vol. 2, Aging and the professions. 5:53–54
Behavior and adaptation in late life. 6:30–31
Changes in work-related attitudes with age. 5:43–44
(A) cross-sequential study of age changes in cognitive behavior. .. 4:62–63
Decision making and age. 7:29–30
Disinclination to venture response versus cautiousness in responding: age differences. 6:41–42
(The) effect of medical and health progress on the social and economic aspects of the life cycle. 2:1–9
Human aging and behavior. 2:66–67
Life-span developmental psychology. 9:28–30
Middle age and aging: a reader in social psychology. 3:43
Middlescence: age-related stress periods during adult years. 10:56–57
MMPI as a function of chronological age. 2:60–61
MMPI scores as related to age, education, and intelligence among male job applicants. 5:51–52
Note on WAIS vocabulary performance by young and old adults. ... 10:54–55
Positiveness of self-concept and ideal self as a function of age. 10:58–59
(The) psychological aspects of the aging process with sociological implications. 7:25
Temporal factors in visual perception as related to aging. 8:58–59
Themes and issues in sociological theories of human aging. 8:66–67
Theory of aging and cognitive theory of personality. 8:64–65
Toward an experimental psychology of aging. 11:31–32

AUTOMATION (see Technological Change)

BIBLIOGRAPHY
Education for aging: a review of recent literature. 11:51–52
Industrial gerontology: an annotated bibliography on industrial change and aging in the work force. 1:54

COST OF LIVING
Automatic adjustment of OASDHI cash benefits and adjustment of old-age pensions in foreign programs. 7:57–61

COUNSELING (See Discrimination, Employment Services, Retirement)

DISABILITY (See also Workmen's Compensation)
Age and capacity devaluation. 9:35–36

Chronic airway obstruction, respiratory insufficiency and gainful employment. 10:64–65
Labor force loss due to disability. 3:46–47
(A) project for the prevention of disability from chronic respiratory disease in working males. 3:58–59
Rehabilitation of men with ischemic heart disease. 8:62–63

DISCRIMINATION
How "age biased" are college counselors? 10:14–20

DISCRIMINATION IN EMPLOYMENT
(The) age discrimination in employment act. 1:31–33
Age discrimination in employment act of 1967; a report. 7:49–51
Age discrimination in employment act of 1967. ..... 10:52–53
Can executives be remade? 8:41–42
Differences in hourly earnings between men and women. 11:54–56
Employment problems of minority groups' older workers. 2:54–55
Progress report on the age discrimination in employment act. 6:22–24
Toward an industrial gerontology. 6:43

EARLY RETIREMENT
(The) automobile workers and retirement: a second look. 9:44–45
Career options after fifty: suggested research. 11:29–30
Company-initiated early retirement as a means of work-force control. 4:36–38
(The) company, the individual, and the decision to retire. 4:1–11
Consequences of voluntary early retirement: a case study of a new labour force phenomenon. 4:39–40
Early retirement: a comparison of poor health to other retirement factors. 9:40–41
Early retirement: the decision and the experience. 4:34–35
(The) early retirement time bomb. 11:37–38
Men who claim benefits before age 65: findings from the survey of new beneficiaries, 1968. ..... 9:42–43
(The) private pension dilemma. 11:1–9
Some observations about early retirement in industry. 1:26–30
Why men stop working at or before age 65. ..... 11:35–36
Work experience of men claiming retirement benefits, 1966. ..... 4:31–33

EDUCATION AND TRAINING (See also Employment Services, Learning, Psychology of)
Adult training in a Canadian province. 7:1–11
Adult training: the use of programmed instruction. 3:57
Age, speed, and accuracy: a study in industrial retraining. 2:50–51
Barriers to manpower mobility and utilization in the health care fields. 11:26–28
Can executives be remade? 8:41–42
(The) challenge of change to the adult trainee. 3:32–33
Choosing the right microphone for videotape recording. 11:53
Decision making and age. 7:29–30
(An) experimental project to prepare mature women for work in community social agencies. 7:42
Education and automation and Credentials and common sense, ... 3:55–56
Industrial gerontology: origins, issues, and applications in Europe. .. 1:12–25
Life-span educational insurance: a proposal. 8:34–35
Life starts again at forty. 6:32
Men in transition: a study of adult male undergraduates at Wayne State University. 9:33–34
Men prefer not to retire. 5:1–11

On-the-job training and reemployment of the older worker. 2:10–18
Physical factors to consider when training adults. 7:47–48
Private vocational schools: an underutilized training resource. 3:20–24
(A) repair shop for unemployables. 6:34–36
Retraining older workers for upgraded jobs. 2:26–31
(A) study of the older woman worker who has attempted to enter or re-enter the white collar labor force through the assistance of community training programs in clerical occupations. 8:47–48
Toward an industrial gerontology. 6:43
Training the disadvantaged as home health aides. 5:58–60

EMPLOYMENT (See also Labor Force, Part-time Employment)
Age and migration factors in the socioeconomic conditions of urban black and urban white women. 9:13–17
Developments in aging 1970: a report of the special committee on aging. 10:62–63
Differences among older workers, volunteers, and persons who are neither. 2:70–71
Employer attitudes and practices in employment of the retired: a case study. 8:40
Flexibility of retirement age. 10:44–45
MDTA research in industrial gerontology. 8:25–27
Men who claim benefits before age 65: findings from the survey of new beneficiaries, 1968. ..... 9:42–43
(The) middle-aged woman in the employment market: a British contribution. 11:10–19
No one under 60 need apply. 8:50–51
(The) potential role of behavioral science in the solution of the "older worker problem." 10:35–36
(The) pre-retirement years: a longitudinal study of the labor market experience of the cohort of men 45–59 years of age. 3:29–31
Reform of the social security retirement test. 8:19–24
(The) relationship between retirement patterns and work as revealed by the British census. 4:12–26
(The) relevance of age to worker behavior in the labor market. ... 1:1–11
(The) retirement test: its effect on older workers' earnings. 2:56–57
Series of articles on older workers in rural Iowa. 2:47–49
Toward a brighter future for the elderly. 7:40–41
Toward an industrial gerontology. 6:43
Women who work: part I, part II. 10:46–48
Work experience of men claiming retirement benefits, 1966. ..... 4:31–33
USSR: pensions payable in the event of continued employment after pensionable age. 11:42

EMPLOYMENT SERVICES (See also Testing)
Adequacy of services to older workers. 3:38–39
Aging and society: vol. 2, Aging and the professions. 5:53–54
(A) comment: "Unemployment and reemployment success: an analysis of the Studebaker shutdown." 2:32–39
Counseling techniques for mature women. 5:54
Job-seeking skills project. 3:41–42
No one under 60 need apply. 8:50–51
Recession and the older worker. 7:12–18
Rural poverty. 1:41–42
(The) relocation of the hard core unemployed and The role of social work in relocation for employment. 3:50–51
(The) shadow of things to come. 7:19–21

Some thoughts on older worker counseling. 2:19–25
Supplemental labor market information as a means to increase the effectiveness of job-search activity. 5:70–71
The 1330 survey. 3:52–54
Toward an industrial gerontology. 6:43
Where no science exists. 11:45–46

FRINGE BENEFITS (See Supplemental Benefits)

HEALTH (See also Disability)
Early retirement: a comparison of poor health to other retirement factors. 9:40–41
Environmental health and the older adult. 3:44–45
Evidence concerning the relationship between health and environment, and Work, retirement and the sick role. 1:50–51
Physical activity at work, lipoproteins and the incidence of angina pectoris, myocardial infarction and death due to ischemic heart disease. 8:60–61
Retirement status of older people in the small town. 4:57–58
Sitting posture. 3:60–61
(A) study of workload before and after retirement at the age of 65 years. 5:48
Termination: the closing at Baker plant. 7:26–28
The working capacity of the older employee. 4:49–50
Why men stop working at or before age 65. ..... 11:35–36

INCOME
Behavior and adaptation in late life. 6:30–31
Developments in aging 1970; a report of the special committee on aging. 10:62–63
Downward mobility in old age. 9:52–53
Economics of aging; work and income through the lifespan. 10:37–38
Examination of policy considerations in federal income maintenance programs for older Americans: a study in contradictions. 9:54–55
Has the retreat from the labor force halted? A note on retirement of men, 1930–1970. ..... 9:1–12
Income of people aged 65 and older: overview from 1968 survey of the aged. 6:26–27
Men prefer not to retire. 5:1–11
Series of articles on older workers in rural Iowa. 2:47–49

JOB PERFORMANCE
(The) advantages of hiring older employees. 11:57–58
Circadian rhythms of body temperature in shift-workers at a coalface. 11:59–61
Competence loss. 1:52–53
Decision making and age. 7:29–30
Hiring standards and job performance. 10:33–34
Job performance and job opportunity: a note. 1:35–36
(The) job performance of Mexican-Americans. 9:25–27
(The) older salesman's problem: an inept boss. 6:44
(The) psychological aspects of the aging process with sociological implications. 7:25
Psychometric comparison of old and young supervisors. 4:59–60
Study of characteristics of women who begin teaching after age 35. ..... 3:52–54

JOB REDESIGN
Industrial gerontology: origins, issues, and applications in Europe. 1:12–25
Toward an industrial gerontology. 6:43

JOB SATISFACTION
An analysis of the work values of women: implications for counseling. 5:39–40
Attitudes toward work and retirement among older industrial workers in three firms. 9:47–48
Discontented blue-collar workers—a case study. 11:33–34
Early retirement: a comparison of poor health to other retirement factors. 9:40–41
Effects of aging on engineers' satisfactions and mental health: skill obsolescence. 5:61–62
Functional specialization, alienation, and job satisfaction. 7:52–54
Job recruitment of the unskilled. 3:34–35
Job satisfaction. 4:51–52
Series of articles on older workers in rural Iowa. 2:47–49
The use of leisure time in middle life. 9:37–39

JOB TENURE
Job tenure: a special labor force report. 5:41–42

LABOR FORCE (See also Population)
Aging and society: vol. 2, Aging and the professions. 5:53–54
Differences in hourly earnings between men and women. 11:54–56
Has the retreat from the labor force halted? A note on retirement of men, 1930–1970. ..... 9:1–12
International trends in employment. 9:18–23
(A) look at the future. 1:46
Men prefer not to retire. 5:1–11
New perspectives on older workers. 11:49–50
Persons not in the labor force: who they are and why they don't work. 4:53–54
Socio-economic and migration differentials between the aged in the labor force and in the labor reserve. 1:37–39

LEARNING, PSYCHOLOGY OF
Aging and problem solving. 8:68
Education for aging: a review of recent literature. 11:51–52
Effects of challenging and supporting instructions on verbal learning in older persons. 2:72–73
Learning in the adult years: set or rigidity. 5:36–38
(The) relationship between age and information processing capacity of adults. 8:55–57
Some adult attitudes affecting learning: powerlessness, conflicting needs and role transition. 7:33–34

LEISURE (See also Retirement)
Behavior and adaptation in late life. 6:30–31
Career options after fifty: suggested research. 11:29–30
The changing cultural patterns of work and leisure. 1:44
The use of leisure time in middle life. 9:37–39

LONGEVITY
(The) effect of medical and health progress on the social and economic aspects of the life cycle. 2:1–9
Preeminence and mortality: longevity of prominent men. 7:43–44

MINORITY GROUPS
Age and migration factors in the socioeconomic conditions of urban black and urban white women. 9:13–17
Barriers to manpower mobility and utilization in the health care field. 11:26–28
Retraining older workers for upgraded jobs. 2:26–31

MOBILITY (See also Plant Shutdown)
Age and labor mobility problems. 6:33
Private pensions and labor mobility. 2:58–59
Regional unemployment and the relocation of workers: The experience of Western Europe, Canada, and the United States. 8:36–39
(The) relevance of age to worker behavior in the labor market. ... 1:1–11
(The) relocation of the hard core unemployed and The role of social work in relocation for employment. 3:50–51
Urban worker mobility. 1:55
Vesting—its effect on mobility in public retirement systems. 8:32–33

OCCUPATIONS
Barriers to manpower mobility and utilization in the health care field. 11:26–28
(The) convergence of military and civilian occupational structures—evidence from studies of military retirement employment. 2:62–63
Hiring standards and job performance. 10:33–34
(A) look at the future. 1:46
The occupational structure of New York City municipal hospitals. 9:56–57
Training the disadvantaged as home health aides. 5:58–60

PART-TIME EMPLOYMENT
Attitudes toward work and retirement among older industrial workers in three firms. 9:47–48
Moonlighters: their motivations and characteristics. 8:70–71
Part-time employment for older workers: possibilities and problems. 5:12–24
Part-time employment: its extent and its problems. 1:55–56
Senior citizens enjoy part-time employment. 8:49
Senior community service project. 4:66–67

PENSIONS
(The) anticipation of cognitive inconsistency. 5:55–57
Bargaining for pensions. 3:25–27
Can private pension plans measure up to expectations? 11:43–44
Flexibility of retirement age. 10:44–45
Funding pensions for public employees: the argument for pay-as-you-go. 4:41
Income of people aged 65 and older: overview from 1968 survey of the aged. 6:26–27
Let's keep our dual retirement system. 2:64–65
Looking into private pension plans: "This first flash of daylight." 10:29–31
Myths in proposed pension regulations. 4:44–45
Negotiated retirement plans—a decade of benefit improvements. ... 4:55–56
1970 study of industrial retirement plans. 8:45–46
Portable pensions. 4:47–48
(The) private pension dilemma. 11:1–9
Private pension plan coverage in manufacturing: a cross-sectional study. 10:21–28

Private pension plans: prospects for legislative reform. 2:40–42
Private pensions and labor mobility. 2:58–59
Recent changes in railroad retirement. 5:25–27
State and local employee pension systems. 8:43–44
The 30-and-out pension plan at General Motors. 11:23–24
Toward a brighter future for the elderly. 7:40–41
USSR: pensions payable in the event of continued employment after pensionable age. 11:42
Vesting—its effect on mobility in public retirement systems. 8:32–33
What's happening to pensions in the United Kingdom? 11:39–41

PLANT SHUTDOWN
A comment: Unemployment and reemployment success: an analysis of the Studebaker shutdown. 2:32–39
Interplant transfer and terminated workers: a case study. 5:49–50
Mobility and situational factors in the adjustment of older workers to job displacement. 1:40
(The) reemployment experience of workers displaced in the closing of the American Viscose plant at Roanoke, Virginia. 2:68–69
Termination: the closing at Baker plant. 7:26–28

POPULATION (See also Rural Population)
Age status and generational phenomena: the new old people in contemporary America. 1:45–46
The vanishing pyramid. 6:17–21

RETIREMENT (See also Early Retirement, Employment)
Attitudes and preparation for retirement among middle-aged executives and professional men. 5:45–47
Attitudes toward work and retirement among older industrial workers in three firms. 9:47–48
Downward mobility in old age. 9:52–53
(The) effects of the meaning of work on retirement attitudes among civil servants. 9:46
(The) elderly person. 1:43–44
Evidence concerning the relationship between health and environment and Work, retirement, and the sick role. 1:50–51
Has the retreat from the labor force halted? A note on retirement of men, 1930–1970. ..... 9:1–12
Hiatus in "meaning": disengagement for retired professors. 7:31–32
International trends in employment. 9:18–23
Labor force loss due to disability. 3:46–47
Life styles and free-time activities of retired men. 6:39–40
(A) longitudinal study of preretirement education. 7:38–39
Men prefer not to retire. 5:1–11
Postponed retirement under the Social Security Act. 11:20–22
Preparing employees for retirement. 5:65
Preretirement counseling, retirement adjustment, and the older employee. 6:37–38
Preretirement education for hourly-rated employees. 7:35–37
(The) Social Security Administration program of retirement research. 3:40
(A) study of workload before and after retirement at the age of 65 years. 5:48
Symposium—compulsory retirement; proceedings of the fifth annual conference of the Australian Association of Gerontology. 6:45–46

Teacher retirement in the United States. 10:42–43
Why men stop working at or before age 65. ..... 11:35–36

RURAL POPULATION
(The) farm worker in the social security program: an introduction to his earnings profile. 4:64–65
Older rural Americans. 2:44–46
(The) people left behind and rural poverty in the United States. .. 1:41–42
Series of articles on older workers in rural Iowa. 2:47–49

SENATE SPECIAL COMMITTEE ON AGING
(The) Senate Special Committee on Aging. 4:27–29

SOCIAL SECURITY
Income of people aged 65 and older: overview from 1968 survey of the aged. 6:26–27
Let's keep our dual retirement system. 2:64–65
Reform of the social security retirement test. 8:19–24
Reports of the 1971 advisory council on social security. 10:50–51
Retirement experience of old-age beneficiaries, 1958–68. ..... 4:46
(The) retirement test: its effect on older workers' earnings. 2:56–57
Should the payroll tax finance higher benefits under OASDI? A review of the issues. 4:42–43
Social insurance and economic growth: a model of the German system. 1:48–49
What's happening to pensions in the United Kingdom? 11:39–41
Work experience of men claiming retirement benefits, 1966. ..... 4:31–33

SUPPLEMENTAL BENEFITS
Employee-benefit plans, 1950–67. ..... 3:48–49
Employee-benefit plans in 1968. ..... 6:28–29
Fringe benefits for pensioners. 5:72–74
Layoff procedures and benefit eligibility. 5:68–69
Trends in employee-benefit plans in the sixties. 10:49
Trends in pension plans and related benefits in the health and welfare field. 8:29–31

TECHNOLOGICAL CHANGE
Age, work, and automation. 10:39–41
Can executives be remade? 8:41–42
Education and automation. 3:55–56
Technological advance in an expanding economy: its impact on a cross-section of the labor force. 9:49–51

TESTING
Effect of aptitude-score adjustments by age curves on prediction of job performance. 2:52–53
Effects of challenging and supporting instructions on verbal learning in older persons. 2:72–73
General aptitude test battery scores for men in different age and socioeconomic groups. 7:23–24
MMPI as a function of chronological age. 2:60–61
MMPI scores as related to age, education, and intelligence among male job applicants. 5:51–52
(The) psychological aspects of the aging process with sociological implications. 7:25

(A) reexamination of the structure of the general aptitude test battery aptitudes. 8:1–18
Stability of aptitude scores for adults. 4:61

UNEMPLOYMENT (See also Plant Shutdown)
Recession and the older worker. 7:12–18
Regional unemployment and the relocation of workers: the experience of Western Europe, Canada, and the United States. 8:36–39
The relocation of the hard core unemployed, and The role of social work in relocation for employment. 3:50–51
Unemployment and the middle-aged worker. 3:9–19

UNEMPLOYMENT INSURANCE
Partial benefit schedules in unemployment insurance: their effect on work incentive. 7:55–56

VOLUNTEER SERVICE
Differences among older workers, volunteers, and persons who are neither. 2:70–71

WOMEN
Age and migration factors in the socioeconomic conditions of urban black and urban white women. 9:13–17
An analysis of the work values of women: implications for counseling. 5:39–40
Counseling techniques for mature women. 5:54
Differences in hourly earnings between men and women. 11:54–56
(The) middle-aged woman in the employment market: a British contribution. 11:10–19
Predictive power over ten years of measured social service and scientific interests among college women. 5:63–64
Study of characteristics of women who begin teaching after age 35. .. 8:52–54
(A) study of the older woman worker who has attempted to enter or re-enter the white collar labor force through the assistance of community training programs in clerical occupations. 8:47–48
Women who work: part I, part II. 10:46–48

WORKMEN'S COMPENSATION
Compensation illness as a retirement channel. 11:47–48
Workmen's compensation and the older worker. 10:1–13
